

# University of Southeastern Philippines

## Knowledge and Technology Transfer Division

### II. Objectives

This activity primarily aims to:

1. Determine the significant feedback from the PATABA farmers on the use of Mechanical Cacao Fruit Bagger in their respective farms.
2. Validate said data to verify field test performance as basis for improvement of the technology.
3. To establish a good package of market-ready technology brief by highlighting farmers user experience.

### III. Expected Outputs

At the end of the activity, it is expected that the participants have:

1. Acquired necessary data to validate the field test performance.
2. Obtained results will be used to improve the technology before it takes off as a commercial product.
3. Highlighted user experience as part of the technology brief.

### IV. Resource Persons:

#### University Personnel

1. Engr. Filmann T. Simpao – Director, KTTD
2. Engr. Jamal Kay B. Rogers – Deputy Director, BIU
3. Engr. Franch Maverick A. Lorilla – TBI Manager
4. Prof. Karl Campos – Technical Expert, TTU
5. Frenches Ann Tampadong – Technical Assistant, KTTD
6. Bernard Rañola – Science Research Assistant, KTTD
